PETITION APPLICATION

This application is a guideline for creating a Housing Element and Fair Share Plan. A completed version of this application must be submitted as part of your petition for substantive certification to COAH. This application will be used by COAH staff to expedite review of your petition. This application can serve as your municipality's Fair Share Plan. A brief narrative component of the Fair Share Plan should be included with this application and can serve primarily to supplement the information included in the application form. Additionally, the narrative section of the Fair Share plan would include a description of any waivers being requested.

This form reflects COAH's newly adopted procedural and substantive rules and the amendments to those rules adopted on September 22, 2008. Footnotes and links to some helpful data sources may be found at the end of each section. **To use this document electronically, use the TAB KEY to navigate from field to field. Enter data or use the Right Mouse Button to check boxes.**

FAIR SHARE PLAN (N.J.A.C. 5:97-3)

Please provide a summary of the Fair Share Plan by filling out all requested information. Enter N/A where the information requested does not apply to the municipality. A fully completed application may serve as the actual Fair Share Plan. A brief narrative should be attached to supplement the information included in the application form. Additionally, the narrative section of the Fair Share plan would fully describe, under a separate heading, any waivers that are being requested.

Determining the 1987-2018 Fair Share Obligation

The following tables will assist you in determining your overall 1987-2018 fair share obligation. For each cycle of the affordable housing need and rehabilitation share, please use the “need” column to enter the number of units addressed in the municipal petition. Where the municipality has received and/or is proposing any adjustments to its rehabilitation share, prior round and/or growth share obligation, use the footnotes providing rule references and follow the procedures for determining the municipal need and/or for calculating any adjustments applicable to the municipality. Enter the affordable housing need as provided by COAH or that results from the adjustment under the “Need” column.

Determining the Growth Share Obligation

All municipalities must complete the “COAH projections” table below. Only municipalities that anticipate higher projections or that are seeking a growth projection adjustment based on a demonstration that insufficient land capacity exists to accommodate COAH projections need complete the corresponding additional table. COAH has published three workbooks in Excel format to assist with preparing this analysis. All municipalities must complete Workbook A. Workbook B must be used when the municipality anticipates that its growth through 2018 is likely to exceed the growth through 2018 that has been projected by COAH and the municipality wants to plan accordingly. Workbook C must be used by municipalities seeking a downward adjustment to the COAH-generated growth projections based on an analysis of municipal land capacity. Workbooks may be found at the following web location:

www.nj.gov/dca/affiliates/coah/resources/gsworksheets.html.

The applicable workbook has been completed and is attach to this application as Exhibit 1.

Summary of Built and Proposed Affordable Housing

Provide the information requested regarding the proposed program(s), project(s) and/or unit(s) in the Fair Share Plan. Use a separate line to specify any bonus associated with any program, project and/or unit in the Plan. As part of completeness review, all monitoring forms must be up-to-date (i.e. 2007 monitoring must have been submitted previously or included with this application) and all proposed options for addressing the affordable housing obligation must be accompanied by the applicable checklist(s) (found as appendices to this application). Enter whether a project is proposed or completed and attach the appropriate form or checklist for each mechanism as appendices to the plan. Please note that bonuses requested for the prior round must have been occupied after December 15, 1986 and after June 6, 1999 for the third round.

Please make sure that a corresponding mechanism checklist is submitted for each mechanism being employed to achieve compliance. Separate checklists for each mechanism are available on the COAH website at www.nj.gov/dca/affiliates/coah/resources/checklists.html.

Narrative Section

In 2001 a Stipulation of Settlement was determined between Alpine Country Club and the Borough of Demarest. That settlement included an agreement where Alpine would provide four age-restricted units on-site, funding for 9 RCAs (that have been transferred) and a payment-in-lieu of \$125,000 (yet to be paid) to the Borough to be used for an Accessory Apartment Program. The Settlement reduced the Borough's prior round obligation to 23, utilizing the aforementioned mechanisms and a Vacant Land Adjustment (HEFSP - page 36). In addition, the Borough completed a Growth Share Projection Adjustment, which reduced the third round obligation from 48 to 19.

With regards to the very low-income units that Demarest must provide, it is anticipated that the future group home's clients will all qualify as very low-income households. Any shortfall in very low-income credits will be addressed either with the 100% affordable development or the market to affordable program.

All attached ordinances are draft, Demarest will be requesting COAH's approval of both the development fee ordinance and spending plan in early 2009.

Summary of Adjusted Growth Share Projection Based On Land Capacity

(Introduction to Workbook C)

Municipality Name: **Borough of Demarest**

This workbook contains two separate worksheets to be used for determining the projected Municipal Growth Share Obligation. Worksheet A must be completed by all municipalities. The Worksheet is a tool that allows the user to enter COAH-generated Growth Projections included in Appendix F(2) of the revised Third Round Rules to determine the projected Growth Share Obligation after applying exclusions permitted by N.J.A.C. 5:97-2.4. Municipalities that accept the COAH-generated Growth projections need only use Worksheet A.

[Click Here to complete Worksheet A](#)

Municipalities seeking to request a downward adjustment to the COAH-generated growth projections may do so by providing a detailed analysis of municipal land capacity. After completing this analysis, the growth projections may be lowered if the resulting growth share obligation results in a figure that is at least 10 percent lower than the projected Growth Share Obligation that would result from the COAH-generated growth projections. Actual growth must first be determined using the Actual Growth worksheet. A growth projection adjustment may only apply to any remaining growth.

Zoning Narrative Section

The owner and developer is American Dream Properties at Demarest, LLC located at 517 Rt. #1S, Iselin, NJ. The property has access from Bellaire Drive. The previous zoning was "A" adopted in 1985. The current zoning was determined by a court settlement and is called "AH". The bulk standards were increased to allow for a dense inclusionary development that would permit townhouses and apartment flats at a density of 4.6 du/ac, whereas the "A" zone required a minimum lot size of 40,000 square feet per single family home. The surrounding land uses include a golf course to the south and west and single family housing to the north and east. The site is in PA(1), which encourages a variety of residential development, higher densities and infill development. This development is consistent with the SDRP'S goals for the PA(1) area. The site is served by public water and sewer. There are no wetlands, steep slopes, streams, critical environmental sites or floodplains. There are no known historic, architectural or contaminated sites.

¹ Pursuant to PL 2008 c.46, Very Low-Income bonuses may only be granted for very low-income units that exceed 13 percent of the of the housing units made available for occupancy by low-income and moderate income households.
